

Serial No. 10/809,665

Group Art Unit: 2839

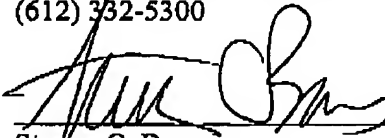

**REMARKS/ARGUMENTS**

Claims 1-37 have been allowed. Claims 23 and 28-34 have been amended to correct typographical errors. In claim 23, the word "adapter" has been added in line 1 after the word "connector" to provide consistency between the preamble of independent claim 21 and the preamble of claim 23, which depends from claim 21. In claims 28-34, the word "assembly" has been replaced with the word "system" in the first line of these claims. The amendment now provides consistency between the preamble of claims 28-34 and the preamble of independent claim 25, from which claims 28-34 depend. Applicant respectfully submits that no new matter has been added. If the Examiner has any questions, please contact the undersigned at the below-listed telephone number.

Respectfully submitted,
